Repairing and Restoring your Old Photographs using Photoshop

Saturday 20 February 2-5pm
A Lecture with Michael Woodhead

Beginners guide to repairing and restoring old or damaged photographs. Using Adobe Photoshop you will learn the basics of handling files, colour types, tools and techniques needed to restore your treasured photographs at home. This course will take you from the scanning stage through to printing stage so will suit people who are interested in repairing their own photographs but don't know where to start. Don't let photographs get beyond repair, now is the chance to keep the memory of loved ones alive.

Michael Woodhead has 15 years experience in digital alteration and now owns Modern Memories which specialises in photograph restoration.
